

To whom it may concern:

I have the XM satellite radio, and enjoy the variety and quality that is not available elsewhere. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. I urge the FCC to reject the NAB's petition 04-160, and I support XM Radio's ability to provide the kind of programming I demand and deserve. Please do not let NAB mess up a good thing such as XM satellite radio.
